

**Calgary Board
of Education**

**Glamorgan
School**

Greetings Glamorgan Families,

The Glamorgan School Science Fair is almost here. The students are putting the finishing touches on their trifolds and preparing their oral presentations. The projects this year are amazing and they cannot wait to share them. We are looking for volunteer judges for our school Science Fair. Judges should have a background in science or engineering. They should also feel comfortable interacting with Grade 5 to 9 students by listening to their projects, asking questions, and providing constructive verbal and written feedback. All are welcome, but we ask if anyone knows a student in the Science Fair that they do not directly judge that student. We encourage you to contact friends or colleagues in the scientific community (please feel free to forward this email).

Judges commitment will involve being at the school on Thursday, February 29, from 8:30 am to 12:00 pm, although we may be done sooner. Coffee and snacks will be provided through the generosity of our Glamorgan School Parent Council. No previous Science Fair judging is required, as we will be providing training and standard setting. If you are interested or know someone who is, please send an email as soon as possible to Jason Rip (jmrip@cbe.ab.ca) with your contact details. Thank you so much for donating your time to support our amazing Science Fair students.

Sincerely,

Jason Rip (jmrip@cbe.ab.ca)
Mark Klaassen
